Impact Stories

“

It's not an exaggeration to say that Student LunchBox saved my life. The food they provided was a lifeline for me when I needed to put money towards other priorities. Having food FOR FREE without judgment or shame from the incredible people running this service feels like a dream come true. Thank you, Student LunchBox!”

• • • • • • • • • •

As a single mom and parenting student, it is DIFFICULT to sustain a living these days on my own. These people have made my life MUCH BETTER by providing me with fresh produce for my family!!!”

Student LunchBox is a lifesaver for us college students! Not only do they address immediate needs by offering free food, but they also empower students with resources and support to break the cycle of food insecurity. I just got some fresh fruits and vegetables today! I felt like I went to a mini farmer's market at our student lounge area!
