ANNUAL REPORT

2022

Student LunchBox's (SLB) success is a shared accomplishment. Your support allowed thousands of college students to sustain their daily dietary needs and focus on their academic careers. Our collaborative efforts with colleges, food donors, foundations, and community members produced over 137,000+ pounds of food. On average, SLB served 4000 college students monthly in 2022 and helped support the environment by saving 62 mil gallons of water.

Partnerships

Expanded our services to 4 additional college pantries and launched a free shopping experience for all students to select their own groceries.

Logistics

Upgraded our fleet vehicle and increased our donation intake from 1500 LBs to 5,000+ LBs to serve all partner colleges weekly.

Programs

Launched Produce Table program and Satellite Pantry program for universities without on-campus pantries to serve their students.

Community and Sustainability

served

With a single generous donation from an anonymous donor, Student LunchBox expanded its operations and provided 3x more food weekly to all college students we support. The donation was used to launch the Produce Table and the Satellite Pantry programs, hire full-time staff, obtain a larger vehicle, and grow our logistics capacity to meet the needs of partner colleges by providing fresh produce and groceries.

Notes from the students we serve

"I am a full-time student who does not work, so these items have very much positively impacted my college experience. The variety of items I can take brings me joy when I cook with them. I do not have to worry as much about what I am going to eat tomorrow. I will definitely recommend the services to those who need it. To me, it feels as if I were a kid in a toy shop. This is better than that since this is free" - Cal State LA Student

"The food distributed by Student Lunchbox has impacted my college experience. I use the food to fuel my mornings before I start my day and log into canvas. I have a snack ready to take with me when I have a class on campus. Additionally, the fresh produce distributed is used to complete my meals at home. I like the Student LunchBox program; it is a great resource to have on campus for students. I think many students are stressed enough as it is but having a resource like this one helps and gives a bit of relief"- Sandy
